ABOUT ME

**Based in Oslo, Norway, I'm a Design Lead,
UX/UI, Product Design, Web Accessibility

As a passionate traveler, I have not only developed a taste for literature and embraced the journey with an open heart but also discovered the importance of exploring the intricacies of human nature.

This enriching journey has not only deepened my self-awareness but also heightened my understanding of the individuals I design digital products for. I firmly believe in the power of inclusion and strive to ensure that everyone can have the most exceptional experiences when engaging with digital products
